

Created in 2016 the PARIS ONWHEELZ FESTIVAL has established itself as one of the major events of the international roller-dance community.

The 4th edition was supposed to take place during four days in different locations all around Paris, from May 14th until May 17th.

Unfortunately, due to the lockdown measures that have been implemented in France and all around the globe to fight Coronavirus, we have to postpone the festival to a later date.

Our entire team is doing its best to organize the festival between now and mid-July, with surprises and innovative formats, depending of course on the dates and practicalities of the end of the lockdown.

See you soon for more information and in the meantime take care of yourself!
